1: Load in

Load in happens from the parking spot outside of the Kiwi store down the street. It fits one truck at a time. *This is only used for unloading, not permanent parking!*

Please contact us with details about your arrival, so that we can make sure the space is available, as the spot is used by surrounding neighbors.

Load in is from street level through either main entrance door (flat push approx 65m), or through our backyard (35m push downhill and uphill ramp). Through the backyard you'll find the entrance door, which leads you right in front of our main stage.

3: Sound equipment

Kulturhuset has two systems on hand for sound reinforcement. One is our collection of concert PA by Meyer Sound, and the other is an JBL column set for conferences and background music. This conference set up is running on Dante, with Sennheiser SpeechLine, 1x handheld wireless and 3x headset microphones.

3.1: PA systems

Hovedsalen:		
<i>Main</i>	Meyer Sound UPQ D1	x 2
<i>Subs</i>	Meyer Sound 900 LFC	x 4, center cluster
<i>Delays</i>	Meyer Sound Ultra X40	x 2
Lillesalen:

3.4: Wireless

Our WL pack consists of 4x Shure SLX-D2 handheld with B58 capsule, and 4x Shure SLX-D1 Bodypack transmitters with Countryman ISOMAX headset microphones. These are only available on our main stage, Hovedscenen.
823 - 832 / 863 - 865MHz

The previously mentioned Sennheiser Speechline is available in Lillesalen and Galleriet as part of a permanent install.

3.5: Microphones

Mic	Amount
<i>Shure SM58</i>	x 8
<i>Shure Beta 58A</i>	x 16
<i>Shure SM57</i>	x 12
<i>Shure Beta 52A</i>	x 2
<i>Shure BETA 91A</i>	x 2
<i>Neumann KM184</i>	x 6 matched stereo pairs
<i>Sennheiser e904</i>	x 8
<i>Klark Teknik DN100 DI</i>	x 16

4: AV equipment

Hovedsalen has 2x *Epson EB-PU1008B* 8500 lumen, one in each end of the room. Rear side of the room has a screen that measures 170''. Stage has no installed screen.

Lillesalen has 1x *Epson EB-PU1008B* 8500 lumen with a short throw lens. The screen measures 170''.

In addition we have 1x mobile 130'' screen on stands.
2x 86'' Sony TV screens on hydraulic stands.

5: Lighting equipment

Our main stage in Hovedsalen has a tube grid above stage. The room is fitted with several single tubes that allow for more lights to be hung in the room, above the audience. We've got LED's exclusively, and no dimmers in house.

Currently the other floors have no roof rig, but this will be installed in the future.

Our light package consists of:

5.1: Fixtures

Fixture	Amount	Location
<i>Bright Norway XLED</i>	x 22	4x Lillesal & 4x Galleri, 4x loose
<i>Bright Norway Xbaby</i>	x 20	2x Lillesal, 2x Galleri
<i>Martin Mac Aura</i>	x 6	Mainstage
<i>Martin Mac Era 300</i>	x 4	Mainstage

5.2: Mixers

Venue	Console	Splitter
Hovedsalen	GrandMA 3 Compact	1x Zero88 Splitter 8
